BOXZ Skin Assembly Manual

WWW.BOXZ.CC

1. Download the skin of BOXZ

2. Print the skin

3. Here it is!

4. We need a scissors, ruler and double faced adhesive tape.

5. First to measure if the print size is same as the ruler(130MM)

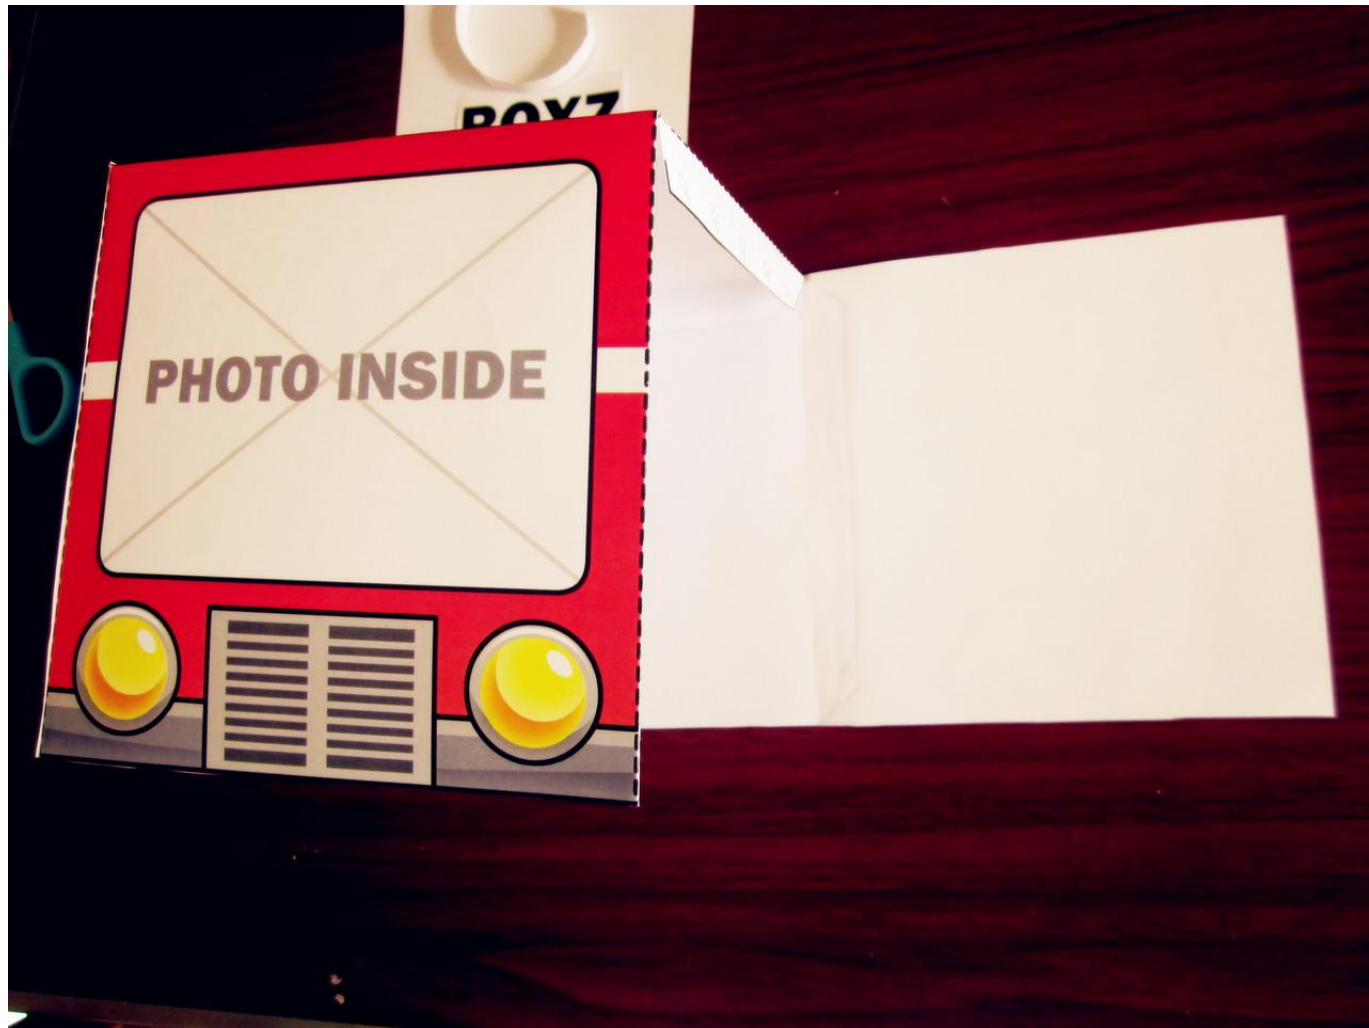

6. Then if it is right size, Please cut all the paper. Otherwise we need to print again.

7. Put the tape on the white side.

8. Make two of them together.

9. And next one also.

10. OKey! Every side is finished.

Congratulation! Job done!
